The location in the The state of Tamaulipas was one of the favorite rooms from the Garces family. Ten enterprising journalists. The chain opened distant restaurants like Dallas, but that store closed a few years after his launch. Since it was a matter of mother and dad, the Gorditas were grilled in the extension of a family home. Garces was surprised to see the name checked years later in San Antonio. While the Gordines are spread at San Antonio during the Fiesta, the comal grid pockets do not have the same name as the other Mexican and Tex-Mex foods that are more easily here. The ones you will read in this series are just some of the many stories that San Antonio preserves. The eight US chain shops are located throughout the south of Texas, including San Antonio, Laredo and La Rio Grande Valley. Ä «They are good memories I got to relive." DoÄfÄ ± a tota offers Gorditalis in a variety of filling. However, a restaurant that sells Gorditalians must make mass pockets from scratch, which can be a lot of work for a restaurant in the size of Gorditalis DoÄfÄ ± in Tota in San Pedro. It is here on San Pedro Avenue, a few blocks from the North Star shopping center, where Mexican Fast Food chain planted its flag in the United States in 2006. The origins of the restaurant date back to Ciudad Victoria, in the north of the Mexican state of Tamaulipas, where Carlota Murillo began to sell his products from a road food cart in 1952. The result is Bexarä e " s eye, a weekly series that Punta Ä «Literally » to reveal stories never told about people, places and practices of San Antonio and the surrounding areas. After almost 70 years of specialization in Gorditalias, the suppliers of the brand DOÄfÄ ± in Tota in the United States love to imagine a future in which Gorditas are part of the daily vulgar such as tacos, burritos and enchiladas.
