worked great for me and as a result, I'm tapping pause on my usual approach of 2 Adjustment notes: Important to note that, again, I've with the size table here. I usually wear a 32C, but bras are also fake (a story for another day), so I'm just going to measurements. I usually buy a small in swimsuit bottoms and the medium is the right one for me. How is the size of the workout swimsuits? I sent it back and got the size 32, which is great. The return was quick and easy. If I had to run a mile in a bikini, I would choose these, but only if I was running where no one could see me. I bought it in two colors. Adjustment Notes: These are listed as the same amount of coverage as Europe, but I definitely preferred Europe. Result: I hate them, but I never reached them, except to swim rounds. If I remember correctly, the 30 were still tight on the shoulders for me. Set notes: I continued my streak to buy the middle. Aaron Top Size: MEDICAL PRODUCT: Here Specifications: Training Top Training How Fits: This was the right fit. As a less standardized comparison base, I ended up scaling a size of my regular size of casual swimwear on tops and funds.
